Our In-Demand Services

RIGHT RESOURCES, RIGHT PLACES

Robert Half Legal eDiscovery Services provides eDiscovery, computer forensic and records management services to multiple companies, including many from the AM Law 100. Our global network of professionals allows us to offer the right resources, at the right time, in the right places. We provide deep, unbiased and independent eDiscovery services in financial investigations, fraud risk management, litigation and transaction matters.

eDISCOVERY AND FORENSIC SERVICES

Our professionals have served as eDiscovery consultants in many litigation venues around the world. In each case, our professionals leveraged industry-standard credentials and experience in computer forensics, eDiscovery and investigative examinations in a wide range of industry-specific engagements.

WE ASSIST OUR CLIENT'S LEGAL TEAM OR LAW FIRM IN THESE AREAS:

- eDiscovery strategies
- Computer forensics and incident response
- Intelligent ESI preservation, collection and integrated analytics
- Data (and metadata) analysis
- On-demand and just-in-time eDiscovery workflow and project management

- Predictive case assessment
- Document review protocols and global legal project staffing
- Industry-standard document review platforms
- eDiscovery budgeting, monitoring and auditing (checks and balances)

Following are just some of the professional or technical certifications our consulting team has collectively obtained:

- Certified Information Systems Security Professional (CISSP)
- Certified Fraud Examiner (CFE)
- Certified Computer Examiner (CCE)
- EnCase® Certified Examiner (EnCE®)
- CompTIA Linux+
- Microsoft Certified Professional

- Certified Handheld Examiner (CHE)
- EnCase Certified eDiscovery Practitioner (EnCEP®)
- AccessData Certified Examiner (ACE)

rh Robert Half® Legal

Robert Half Legal works strategically with corporate legal departments to help provide an integrated solution for eDiscovery initiatives and full-scale document reviews.

ENTERPRISE SERVICES

Our Enterprise Discovery Solution is a proactive management model that addresses the unpredictable and often costly approach to a document review by using alternative pricing options. Enterprise Discovery employs a collaborative and integrated process-to-program solution designed to anticipate, normalize and reduce the cost and resource allocations for a corporation's yearly legal projects budget by 40 to 70 percent year over year. Our services include:

- Litigation readiness and effectiveness
- Investigative response
- Records retention
- Records disposition

- Data security and information governance
- Awareness, training and change enablement
- High-value audits (eDiscovery and records retention)
- eDiscovery budgeting, monitoring and auditing (checks and balances)

MANAGED REVIEW

The objective of our *Day2Review*® is to offer a simple and blended unit charge for document review, which includes all of the following:

- Staff augmentation
- Document review space and technology infrastructure
- Competent document review project management and reporting and audit-trail dashboards

- ESI population preview and analytics
- ESI culling, filtering and processing
- Industry-standard document review platform
- Document production support

THE BENEFITS OF *DAY2REVIEW*® ARE:

- Fast delivery, with transparent and predictable cost structure
- Measurable, metric-driven approach that delivers quality and efficiency
- Single provider with a single point of contact

Please contact your local office today for cost-effective staffing solutions for your legal project needs.
